

LECTURER, PHD

Highly accomplished lecturer with strong teaching skills and highly experienced in Microbiology and Immunology.

Professional Experience

02/2023-Present

Al Nahrain University/ College of Pharmacy

Lecturer

10/2019-01/2023

Al Ma'moon University College

Lecturer

- Member of Examination Committees
- Lecturing in the fields of Immunology, Clinical Immunology

10/2016-10/2017

Al Ma'moon University College

Department Supervisor and Assistant Lecturer

- Member of Examination Committees
- Lecturing in the fields of Immunology, Clinical Immunology

10/2008-10/2016

Al Ma'moon University College

Assistant Lecturer

- Member of Examination Committees
- Lecturing in the fields of Immunology, Clinical Immunology, Physiology, Biochemistry
 - 2008-2014 - Immunology - Practical
 - 2010-2014 – Immunology - Theory
 - 2011 - Physiology - Practical
 - 2012 - Immunology - Theory
 - 2012 - Immunology - Practical
 - 2015 - Clinical Immunology - Theory
 - 2015 - Clinical Immunology - Practical

Papers and Publications

2023

- Recent progressions in biomedical and pharmaceutical applications of chitosan nanoparticles: A comprehensive review

2022

- Effect of TNF-Gold Nanoparticles Combination on Kidney and Liver Parameters of Female Mice.

2022

- Gold nanoparticles loaded TNF- α and CALNN peptide as a drug delivery system and promising therapeutic agent for breast cancer cells

2021

- The Role of Biofilm Formation in Antibiotic Resistance of Bacteria Isolated from Saliva of Patients with Dental Caries

2020

- TNF- α Loaded on Gold Nanoparticles as a Good Therapeutic Agent against Breast Cancer AMJ13 Cells

2010

- Anemia and Low Testosterone Associated with Male Type 2 Diabetic Patients

Education

2017 - 2020

PHD in Microbiology

University of Al Nahrain

2006- 2008

M. Sc. in Biotechnology

University of Al Nahrain

2003- 2006

B. Sc. in Biotechnology

University of Al Nahrain
